STEAMER BURNED.

Fatal Fire Occurs on Boat in the Mis-
sissippi River.

Three persons lost their lives, five
were seriously injured, and it is esti-
mated that 50 received cuts and
bruises when the Mississippi river
excursion steamer J. S. burned Sat-
urday night.

The escape of all but a handful of
the fifteen hundred passengers who
thronged the decks of the big boat
when the fire broke out is regarded as
a miracle. Prompt work by the
crew and cool-headed passengers in
the controlling of the frantic ones
after the first alarm was sounded, is
all that prevented hundreds of people
from jumping into the river in mid-
stream. Mrs. Randall was the only
one who broke through the guard on
the edge of the decks and twenty men
had arms outstretched to grasp her
when she plunged from the upper
deck into the water below. Her body
has not been recovered.

The loss to the Acme Packing Com-
pany, the owner of the steamer, is
estimated to be \$60,000. Practically
every passenger on the steamer lost
clothing, money, jewelry or other val-
uables in the rush for land, and it is
estimated that this combined loss will
aggregate \$10,000.

CUBANS FIGHT DUEL.

Men Battle Until One Falls and Dies,
While Other Disappears.

Armed with knives a duel took place
in the woods near MacFarlane park
in West Tampa, Fla., between Marco
Adamo and another Cuban, whose iden-
tity has not yet been established.
They fought until both had fallen
from loss of blood, Adamo dying after
proceeding a short distance from
where the bloody duel took place.
The unknown was able to make his
way to a nearby street, where all
trace of him was lost.

The two men were seen going into
the woods a short distance from the
park at an early hour, both gesticulat-
ing. The demeanor towards each oth-
er was such as to arouse suspicion
among the cigar workers who saw
them, and at the noon hour a search
was made, with the result that evi-
dence of a bloody struggle was found,
and later the body of Adamo.

QUELTY STOPS FIGHT.

Jeffries-Johnson Mill Can't Take Place

In Price, It Is Said.

Stirred to action by intense
protests from all parts of the state, Gov-
ernor James N. Gillett has taken
steps to prevent the championship
fight between James J. Jeffries and
Jack Johnson, scheduled to be held
in San Francisco July 4.

In a letter to Attorney General
Webb, the governor expresses his dis-
approval of prize-fighting in measured
terms and directs that the aid of the
courts be invoked to prevent the
match and concludes with a positive
order that in case the plea for a re-
straining order is not granted and the
fight is held, the attorney general pro-
ceed to prosecute the principals and those
interested in the fight for violation
of the penal code of the state.

An effort will be made to pull the
fight off at Goldfield, Nevada.

Henry H. Schroeder, saloon prop-
rietor of New Orleans, shot and instant-
ly killed John W. Mullen, local agent
of a brewery in that city. Schroeder
claims the unwritten law in defense
of his act. He was arrested and
placed in the first precinct police sta-
tion.

During a thunder storm at Foster's
mill, 12 miles from Rome, Ga., Mrs.
Thomas Middleton, aged 60 years,
was struck and instantly killed by a
bolt of lightning. While the terrific
display was in progress, Mrs. Middle-
ton ventured out and went to the
barn to get some eggs. While stand-
ing in the door of the barn a bolt
came and knocked her to the ground.
Her face was badly mangled.

At Savannah, Ga., fire destroyed the
Coy theatre, the magazine and cigar
store of J. S. Oppenheimer Cigar com-
pany, the large candy factory and
store of Paul Condit, the ticket office
of the Southern Railway, with the
commercial freight office, and the flor-
ist shop of John Wolf. Poor water
pressure gave the flames a big start,
and the buildings were destroyed.
The loss is estimated at \$50,000.

Sir Caspar Pardon Clarke, for five
years director of the Metropolitan
Museum of Art, at New York, has
tendered his resignation and it was
accepted by the trustees. He resigns
because his health is poor and his
physicians have advised him not to
spend another winter in New York
city. At present he is abroad.

The Roma, Ga., city council has
voted unanimously for a bond election
on the issue of \$275,000 to be spent
for the extension of sewerage and
water main, street paving and new
school houses. The election will prob-
ably be called for August 25.

Mrs. Abs Martin, wife of a promi-
nent farmer, was instantly killed by
an automobile near Murfreesboro,
Tenn. She was driving along the
pike when she was run down by the
machine.

NOTES FROM THE HOUSE.

The house ship sub-
committee on the investigation
of the committee will meet in New
York in November to examine steam-
ship representatives and others and
will report to congress next winter.
The committee already has concluded
that the charges that a lobby was
maintained in Washington have not
been sustained.

Justice J. W. Gerard, of the supreme
court of New York, has been selected
by President Taft as one of the civil
delegates of the United States to the
centennial independence celebration
of Mexico, to be held in the City of
Mexico. Two other civil members
will be selected.

The appropriations made by the ses-
sion of congress just closed, amounted
to \$1,027,133,446, according to an offi-
cial announcement made by the house
appropriations committee.

Postmasters appointed for Georgia:
Blitch, Bullock county, W. O. Lane,
vice J. C. Lane, resigned; Rover,
Spalding county, Wilmer C. Glazier,
vice S. P. Glazier, resigned; Robert
B. Benbury was appointed rural car-
rier, Route 5, at Hawkinsville.

The resignation of Collector of In-
ternal Revenue H. A. Rucker, of Geo-
gia, has been received by the pres-
ident. It is generally understood that
Collector Rucker will at a very early
date be appointed to some position in
Washington.

THE WORLD.

In sweeping away the
longer fear of
OF SPORTS executive intervention
with the Jeffries-Johnson battle on
the Fourth of July, Governor Dick-
erson of Nevada, arrived at Reno, Nev.,
Tuesday. "I have heard no rumors
recently that the fight was apt to be
stopped," said the governor, as he
clapped hands with Tex Rickard in
the hotel.

Olman H. Curtiss, the aviator, stopped
in Chicago on his way to accept the
\$5,000 challenge issued last Sat-
urday by Walter L. Darlington, a
wealthy cattle broker, for a fight
across Lake Michigan, a distance of
about 65 miles.

The exodus of sporting men to
Reno is now on. Large numbers of
spectators have left New York for the
Jeffries-Johnson fighting ground. Opin-
ion of the outcome still favors Jef-
fies, but there has been little bet-
ting, most of those intending to wa-
ge preferring to place their money
at the ringside, where they can ob-
tain the latest information on the
fighting form of the combatants.

The Mount football team again de-
feated the all-American team at Sid-
ney, New South Wales, the score be-
ing 2 to 3. The all-American team
is composed of students from the Uni-
versity of California, Leland Stanford, Jr.
University and University of Ne-
vada.

George Wiley, of Syracuse, N. Y.,
will this week file claim to a new
world's bicycle record for one hour
paced by motor cycle. In a race at
Pascagoula, N. J., with Jimmy Collins,
the American pace-following cham-
pion, he rode 41 miles and 3 laps in
50 minutes, breaking the record.

J. L. Griffin, right-hander, has been
called from San Antonio by the At-
lanta team to take the place of Ros-
er, whose health would not admit of
his staying in the Southern league.
Griffin has reported for work.

How To Gain Flesh

Persons have been known to
gain a pound a day by taking an
ounce of Scott's Emulsion. It
is strange, but it often happens.

Somehow the ounce produces
the pound; it seems to start
the digestive machinery going
properly, so that the patient is
able to digest and absorb his
ordinary food which he could
not do before, and that is the
way the gain is made.

A certain amount of flesh is
necessary for health; if you
have not got it you can get it
by taking

Andalusia Star.
The unusually quiet hamlets of Falco and Wing, in the lower part of Covington county, turned loose their bullets last Thursday evening and the greatest sensation of the year was furnished.
Early Thursday morning John and Alex Givens took a horse and buggy and drove to Cobb, Fla., on railroad business. They returned late in the evening. At a cross-road near his home Alex Givens alighted from the vehicle and walked to his home. John Givens proceeded alone in the buggy on the way to his home at Falco. It was good dusk. As the buggy passed a curve in the road near a ravine one in ambush fired a load of buck-shot into the body of John Givens. Eleven shot took effect. Mr. Givens's horse became unmanageable and ran for quite a distance before regaining control. Mr. Givens stopped at a farm house, secured a doctor and was cared for. In the mean time John Givens, B. F. Finley and Geo Coxwell had secured a blood-hound and was trailing the would be assassin. The dog went to a store and bayed at the closed door. While these gentlemen were parlaying with the occupants of the store, a fusillade of shots came from another direction. Alex Givens sustained a broken thigh; B. F. Finley, a broken ankle; and George Cox was shot the thigh. These gentlemen returned the fire and the house of John Davis was shot into. Telephone connection was immediately made with the sheriff's office at Andalusia and Deputy Joe Jernigan was hurried to the scene in automobile. The deputy returned to Andalusia Friday morning. He secured Sheriff Prestwood and Justice J. L. Salter and returned to the scene of the shooting.
Fourteen warrants were issued for these seven gentlemen, each on a charge of assault to murder, and one each on peace bond: Ed Smith, Olin Adair, J. W. Davis, Frank Bowers, James Davis, Jr., John Barlow, Sr., and Joshua Davis. In turn warrants were sworn out for each of these gentlemen, charging assault to murder: Bud Givens, Alex Givens, John Barlow, Benjamin Finley, John Miller Henry Francis, Jesse Miller, George Coxwell, Malone Barnes, Chasles Howell, Denny Miles and J. A. Hogue. All the accused on both sides gave bond for their appearance in court. The several shootings or bat's has created much bad feeling in the lower part of the county, and it would not be surprising to hear of further trouble in that section. None of the men sustained fatal injuries.
LATER.—Saturday morning John Davis was arrested by Deputy Sheriff Jernigan and brought to Andalusia, where he was held without bail to await the injuries sustained by Alex Givens. Friday Mr. Givens became delirious, and several doctors were working to save his life.

After the Wedding.
The wedding day is bright and gay; the bride is blushing like a rose; the happy pair are free from care as on their honeymoon they move. A little while they live on smiles, and glance and whispered adoration; but honey-moons pass by oftsoon, and there comes a strained relation. The husband sighs when eating pies suggestive of some kind of leather: he gives a whoop when eating soup that makes his insides run together. He never thought before he brought the blooming damsel to the altar to ask if she could cook so he could eat her grub and never fatter. The bride is filled with grief and chilled with dread; the skies seem dark above her; he stays away for half a day and doesn't swear he'll always love her. Have patience, though! This phantom will pass away as they grow younger! The bride will bake a dazzling cake, and pies to soothe her husband's hunger! And he will learn to pause and turn, when leaving for his daily duty, and tell his wife that she's his life, his solace and his dream of beauty.—Uncle Walt.

Notice.
The next state teachers examination for Coffee county will be held at Elba 18, 19, 20 inst.

Investigating Peonage Charges.
Adam Freeman and Others Before Federal Grand Jury.
Wednesday night United Deputy Marshals Wadsworth and Kelley arrived at Elba and went to work serving process for appearance before the United States Grand Jury now in session at Montgomery. Several magistrates were summoned as witnesses. Sheriff Knight was served with an order to bring Adam Freeman, who was in jail on charge of violating croppers contract, to run at the Grand Jury. The Sheriff left with Freeman yesterday morning, and has not yet returned.
Freeman has been in trouble with the courts for a number of years. He was convicted in 1905 for a charge of obtaining money under contract, a felony charge reduced to misdemeanor. There have been other charges and convictions of Freeman, it is said, and last week he is said to have jumped a contract. His wife and a "spotter" are supposed to have brought his case to the attention of the Grand Jury at Montgomery.

Those who are familiar with Freeman's case do not believe that he has been held in peonage, and it is through that no indictments will be returned.
